Only five hits were secured off him yesterday Both teams played good ball, but the Orioles Dunlap hats== batted Cuppy often and won by 5 to 0.

batted Cuppy often and won by 5 to 0.

The playing seems to indicate that the home team will make it three straight, and that the seventh game of the Temple Cup series will have to be played. More than 10,000 people saw the battle, and the enthusiasm was unbounded, so much so, in fact, that some of the rougher element forgot themselves and offered some inelignities to the widther Temple 11. to the visitors. Paper balls, peanuts, one or two eggs and finally a rock were thrown at them as they left their hotel for the grounds, and after reaching there they were hissed by a small part of the crowd, but this was frowned upon by the majority and there were no further attempts at insult during the game.

The rungetting began in the second when

suit during the game.

The run-getting began in the second, when Brodle got home on Carey's rattling two-bagger to center, after having reached first on a force hit and second on Gleason's sacrifice. Two more were made in the third, McGraw and Keeler coming home on a bunt by McGraw, another by Keeler, a single by Jennings, a hit by Esper and a long fly by Brodle. This performance was duplicated in the seventh, Keeler going to first on balls after two men were out, to third on Jennings' single and home on Kelly's single to left, which also brought Jennings acress the plate. The visitors, as a rule, went out in one, two, three order, and at no time did they seem dangerous. The score:

The reports showed that the association is in a satisfactory condition, notwithstanding the loss it incurred in the burning of its building during the hopeful character, and constant reference was made to the urgent need of a new and larger building .. The belief was expressed by several of the members that such a home would be secured in the near future through the appreciation and generosity of the people of Washington, and that in such an event the burning of the old building on New York avenue would prove to be a blessing in disguise. GEORGETOWN COLLEGE ATHLETES.

The president of the association, Mr. L The president of the association, Mr. L. Cabell Williamson, occupied the chair at the meeting, and Mr. J. H. Lichliter, the recording secretary, was also present. The principal business of the evening was the reading of the report of the financial committee and the election of officers. The latter resulted in only one change in the list of officers. Judge Anson S. Taylor was elected to succeed Mr. F. W. Vaughn, who was one of the oldest members of the board of directors, but was compelled to decline Efforts Being Made to Secure Dono-van, the Trainer. Arrangements are being entered into for the engagement of Donovan, the Worcester, Mass., trainer, to get the Georgetown College boys in trim, who are to contest in the Berkeley Oval games. Greenfield, Douglass, Fox and the all-around athlete, "Mike" Mawas one of the oldest members of the board of directors, but was compelled to decline re-election on account of ill health. The meeting passed a resolution expressing the association's gratitude to Mr. Vaughn for his long and devoted service. The Georgetown reserves will meet the Rockville team the middle of this week.

The college quarter-of-a-nille track will baseman from Cambridge, promises to do fever. Report of Religious Work.

The meeting was opened with a religious service, after which a long list of applicants for membership was favorably passed upon. J. S. Barker, chairman of the The college quarter-of-a-mile track will be completed by October 20, and on or about November 1 exhibition contests will ake place. At the exhibition contests outside men will probably not be invited, as t is the general desire to make the affair trictly a "home one." committee on religious work, reported for that committee, showing that notwithstanding the destruction of the building, there had been but the most trivial interruption in the services. The religious work of the essociation, which is, of course, the most important work, has been done in a most important work, has been done in a thorough and systematic manner, and it is reasonable to believe, has accomplished a great deal of good. During the year past an average of 200 young men have been reached a week through the agency of the religious services. The committee expressed its gratitude to the officers and members of the Foundry M. E. Church, which was placed at their disposal for its Sunday afternoon services and on other occasions. Yet the falling off in attendance, which had been noticed at these meetings, proved conclusively the need of a new building, for it is evident that young men are more ready to attend in a building that is solely for the use of the Y. M. C. A.

In the Educational Field. There will be a 100, 220, 440, 880-yards and one mile running contests; a one-mile walking contest; throwing of the shot; hammer throwing; 120-hurdle; high jump and broad jump.

The college will have among its leaders in these and similar sports, McElhone, formerly of the Columbia Athletic Club; Hutchins, Holt, Walsh, Mahoney, Doyle, McAnerney, Carborne and Peter McLaughlin, who for two years held the scholastic record as a mile walker at Boston.

The old "gym" is being torn down to convenience the new track. The construction of a new and costly one is a project soon to be considered. It is designed to get most of the necessary fund through donations of the college alumni.

In the Educational Field. the college alumni.

The leader in tennis this year promises to be Driscoil, the '83 and '11 champion of the Pacific coast, and John Goodfellow of Washington.

Georgetown has already been admitted to the National Intercolle; late Tennis Association, and soon expects a membership in the Southern League. Chairman W. C. Henry of the committee on education said that the association has every reason to be proud of the work it has accomplished in this field. When the year book is published it will show that the Washington association is in the front the Washington association is in the front rank as an educational institution. During the year 355 individual members of the association have taken advantage of the opportunities placed at their disposal, and from this it is easy to see how much has been done in the way of preparing the young men of Washington for a successful carter in life. Reference was made at the recent convention of Y. M. C. A.'s at Springfield and the educational exhibit held on that occasion. There were sixty-six exhibits in forty-four different studies, and the Washington association carried off four first awards, a very creditable record, when one considers the equipment that was availthe journal, and it was exhibited during the game between the Hanover and Relay clubs.

Howard, Prince George's, Montgomery and Anne Arundel counties were in the league, and next season the clubs will start another race.

The formal presentation of the pennant will take place at Relay on Monday, Ocuppermost in m tober 14, at an entertainment to be given by the Relay base ball club in St. Dennis. The standing of the clubs at the close of ciation is, first of all, a Christian asso ciation.

Some Financial Statements.

Mr. Woodruff, chairman of the committee on rocms, reported what had been done in the way of securing rooms and fitting them up after the big fire. The sum of \$1,255.23 had been spent on the rooms, and besides this generous donations had been received

this generous donations had been received from a number of friends, which had been found of great service in making their temperary quarters homelike. Mr. Swartwout spoke of the gospel work that has been done at the jail by members of the association during the year, and Mr. W. B. Matthews spoke of the White Cross Army, its purposes and growth.

Mr. J. C. Pratt, the treasurer of the association, presented a brief resume of his arnual report, which was embodied in greater detail in the report of the committee on finance. Yesterday Mr. John Joy Edson was asked to make a thorough examination of the books of the association to see if he could make any suggestions for improvement. A letter was read from him last evening, in which he said that he had gone over the books carefully, and had found them correct and the system business-like. In concluding his letter Mr. Edson said:

ness-like. In concluding his letter Mr. Ed-son said:

"I am convinced, from what I have learn-ed, that the Young Men's Christian Asso-ciation is accomplishing a vast amount of good at a minimum expense, and feel sure that any work which the association may undertake in the future, if conducted in the same therough, practical manuer, cannot

undertake in the future, if conducted in the same thorough, practical manner, cannot but be productive of still greater good to the mental and moral welfare of the young men of Washington."

The utmost interest attached to the report of the committee on finance, as showing just what the condition of the association is now, several months after the fire. The report was read by the chairman of the committee, Mr. S. W. Woodward, who has devoted a great deal of time and labor to the association, and has used his business skill and ability again and again to further its interests.

From this it will be seen that the young men of the association pay about 60 per cent of the expenses of the association. Of the other 40 per cent of expenses about 10 to 20 per cent is contributed by observing and broadminded citizens whose names are recorded on the books of the association;

to 20 per cent is contributed by observing and broadminded citizens whose names are recorded on the books of the association; citizens who in some way become familiar with some good work of the association and know that it fills a need in the community which no other organization can fill, and wish to recognize this in a substantial and appreciative manner. For instance, the lete Justice Strong never failed to come into the association each year, and, after saying a good word, leave sometimes \$50, but usually \$100, toward our annual expenses. Our secretary, Mr. Pugh, could spend hours in telling of similar instances. The yearly deficiency of the association, sometimes 20 or 25 per cent, and rarely ever as low as 10 per cent, must therefore be carried along as a floating indebtedness, when it cannot otherwise be taken care of. It is a fact that association statistics show that in very few, if any, associations are the receipts from the membership so large a percentage of the expense of running the association as in the Y. M. C. A. of the District of Columbia. In view of this, the finance committee feel that they are entitled to go to the public-spirited citizens of the District of Columbia and ask for \$200,000 for a new building, and the building committee are now considering plans to present to the association and the citizens at the earliest possible moment.

at the earliest possible moment. Officers Elected. At the conclusion of Mr. Woodward's re port, officers for the ensuing year were elected as follows: President, L. C. Williamson; first vice president, S. W. Woodward; econd vice president, John B. Larner treasurer, J. C. Pratt, and recording secre-tary, J. H. Lichliter. The directors chosen, whose terms expire in October, 1898, were H. W. Olmstead, B. H. Warner, W. B. Gurley and Judge Anson S. Taylor. The meeting then adjourned with prayer.

HEBREW CHARITIES.

Fourth Anniversory Celebration an Election of Officers.

The fourth anniversary of the United Hebrew Charities Society was celebrated last night by a meeting at the Eighth Street Synagogue. President I. L. Blout read his innual report, which showed that 800 persons had applied for aid during the year, of whom 429 had been relieved. The funds received aggregated \$3,138.77. Mr. Blout called attention to the fact that the number of applicants had decreased, notwithstanding the very hard times, and expressed the belief that the work of the society was resulting in a permanent decrease of the need for charity, owing to the work of the organization in placing applicants for alms on a basis of self-help. He thanked the members of the Ladies' Sewing Society, who last winter, under the direction of Miss Bertha Baar, rendered valuable aid. The sum of \$550 was received from the District relief committee, and donations came from the Rebecca and Deborah circles and the Ladies' Embroidery Circle.

Treasurer A. D. Prince presented his report, and showed that the society had a comfortable balance in bank, which would serve as a nucleus for the necessary relief fund. sons had applied for aid during the year, of

All the officers were renamed for another term. President Blout and Vice President Strasburger were inclined to withdraw, but Mr. Simon Wolf made an earnest protest against their leaving office. The election, therefore, resulted as follows: President, I. L. Blout; vice president, Henry Strasburger; secretary, A. Behrend; treasurer, A. D. Prince.

Board of directors; Mesdames I. L. Blout, L. Stern, Charles Kaufman, L. Felheimer, D. Strauss, A. J. Strausburger, Fannie Moser, Messrs. I. L. Blout, H. Strausburger, S. Lewis, A. Behrend, A. D. Prince, Isaac Sahns, H. King, jr., William Hohen, P. Peyser, M. Goldsmith, M. Clark and S. Sahns.

Grand Rounds.

James Tanner, commander-in-chief of the Union Veteran Legion, on the grand rounds Capitol Hill last Friday night. He was received with grand honors and welcomed in a speech by the commander of No. 111, responding with a stirring speech for the good of the order, and in his most eloquent vein paid high tribute to the old veterans generally. He spoke feelingly and reverently in memory of his old-time friend, Gen. Green Clay Smith, the first commander of No. 111, whose portrait, life-sized, the encampment had just hung upon its walls. A delegation from Encampment No. 69 accompanied the commander. General speech making and story telling was indulged in by many of both encampments. A smoker was a feature of the evening. Delegates were elected to attend the next annual national encampment to be held in Buffalo, N. Y., September 16, 17 and 18. The delegates from Washington carry with them an invitation from the Commissioners for the organization to hold its next national encampment in this city next year. a speech by the commander of No. 111, re-

Union Soldiers' Alliance. At the regular quarterly meeting of the Union Soldiers' Alliance, held in the parlers of the National Hotel, the attendance was quite large, over fifty members being present when the president, Dr. Frank T. Howe, called the meeting to order. Capt A. Hart reported an amended constitution which, after considerable discussion, was adopted without amendment. Officers for the year 1896 were elected as follows: President, John S. Stodder; vice presidents, Andrew J. Huntoon; John J. Harrower and Andrew J. Huntoon; John J. Harrower and George E. Corson; secretary, John L. Henpel; assistant secretary, John R. Collette; treasurer, Samuel C. Lovejoy, and proctor, Edgar H. Kleneroth. After the business session was concluded, the members repaired to the dining room, where a supper was served, and where brief but pleasant speeches were made by the newly elected officers, Messrs. Donath, Lincoln and others.

Overcome by Gas.

Mr. Gardner G. Griswold of 1408 Bacon treet, Columbia Heights, was yesterday ound in bed unconscious at his residence from the effects of escaping illuminating gas, and is yet in a very precarious condi-tion. Mr. Griswold is eighty-one years of tion. Mr. Griswold is eighty-one years of age, and he retired about 8 o'clock Sunday evening. He slept in a room in which the gas is lighted and extinguished by an electric arrangement, and, although he had been warned not to use it, it is thought that the old man forgot the injunction, and, in attempting to extinguish the gas, turned it on again. He was discovered about 7:30 yesterday morning, and last evening the physicians had not been able to restore him to consciousness.
